

Cosmos Freestanding 2 Burner Induction Range

The **Cosmos Two-Zone Commercial Induction Range** is designed to provide efficient, reliable, and high-performance cooking solutions for professional kitchens, restaurants, hotels, and catering facilities. Manufactured with a robust stainless steel body and equipped with two high-efficiency induction cooking zones, this unit delivers fast heating, precise temperature control, and exceptional energy efficiency.

cosmos 

Construction & Design:

- Heavy-duty stainless steel body
- Robust tabletop design for stability
- Non-stick surface with integrated induction element
- Ergonomic temperature controls

Key Features:

- Heavy-duty stainless steel construction with premium ceramic glass cooking surfaces for durability, heat resistance, and easy maintenance.
- Two independent induction cooking zones with individual manual control knobs for precise temperature control and efficient cooking operations.
- Energy-efficient induction technology that delivers rapid heating, consistent performance, and reduced energy consumption.
- Integrated under-counter storage cabinet providing convenient storage space and improved kitchen organization.

Technical Specifications:

Model	CS-B300-2B-B135-3.5Kw x 2 Burner Induction Range
Dimension (LxWxH)	450 x 800 x 800 + 150 mm
Net Weight	80 kgs
Mfg. Part No.	CSB3002BB135
